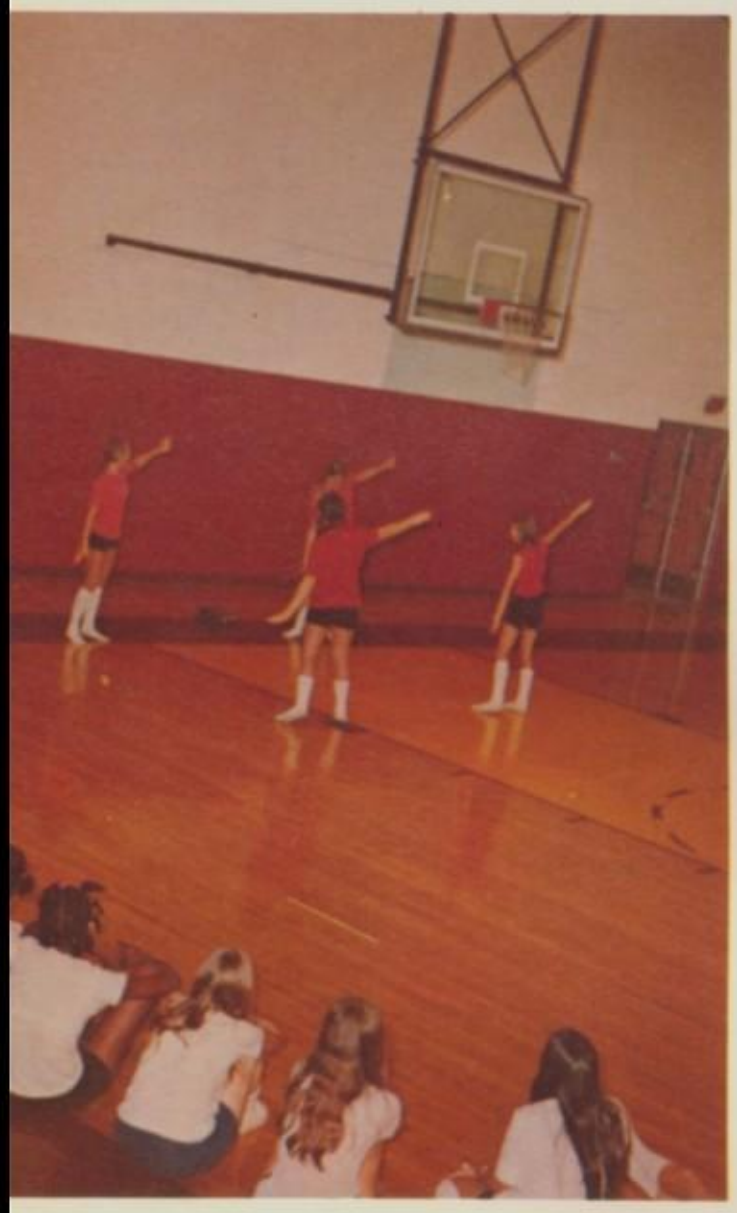
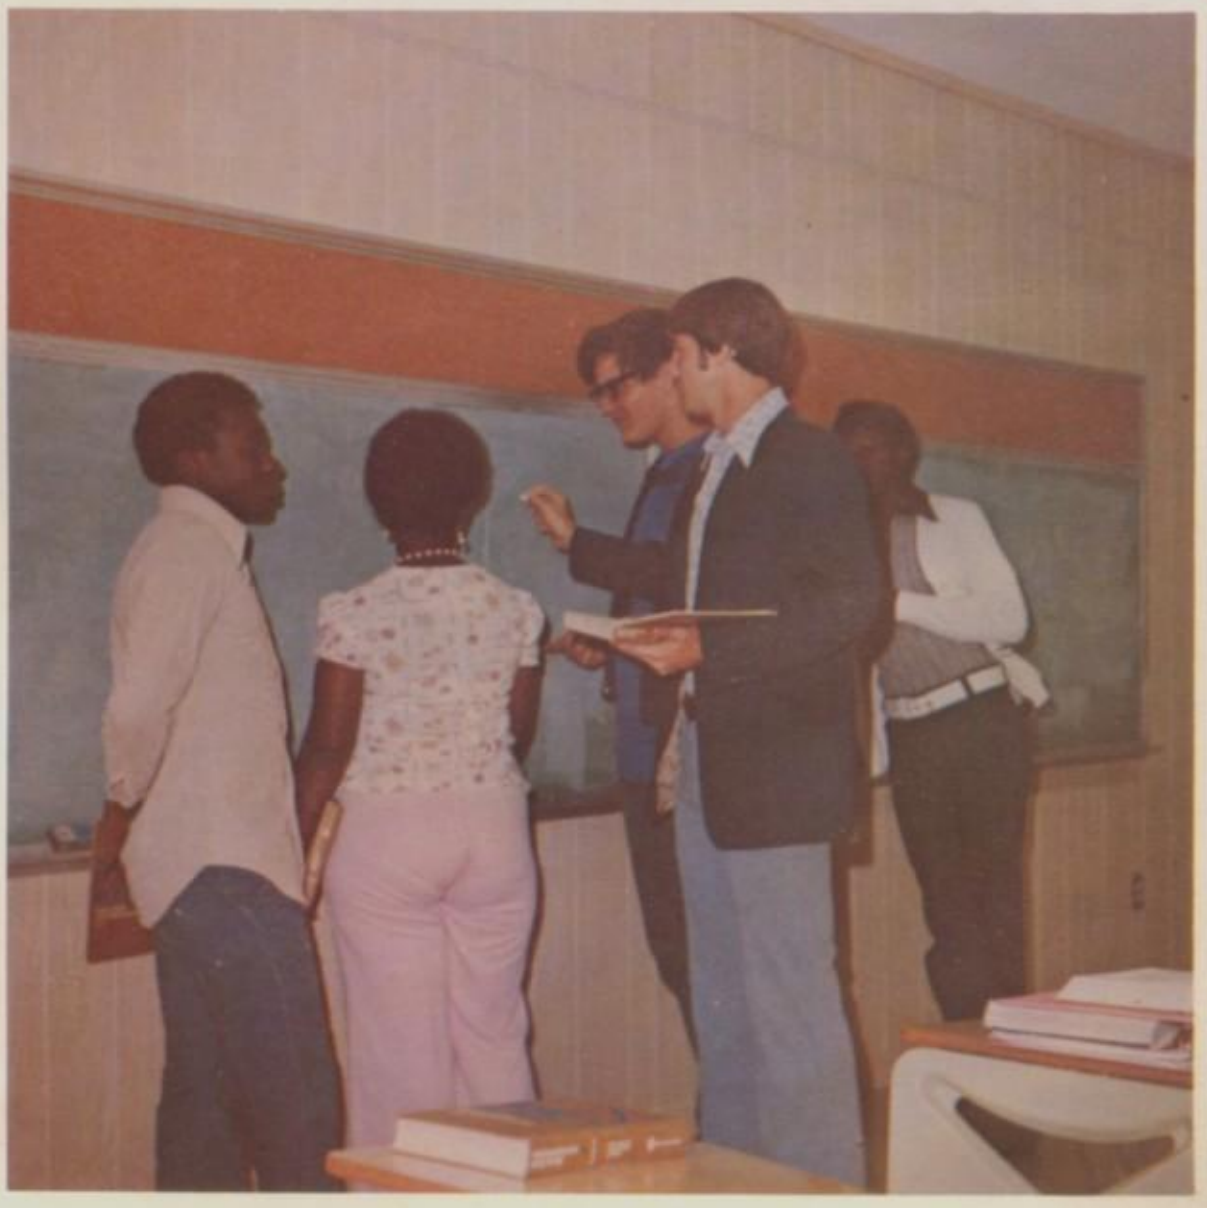
COLT COUNTRY





To remember the past and the days of yore,
Is to remember our days in
COLT COUNTRY.
The noisey halls, friend meets friend, in
COLT COUNTRY.
Time–the thief for all–good times, study times,
Happy times and sad times–records the actions
And the memories we have had in this–
OUR COLT COUNTRY.

The year began as any other year begins at North Marion High School, but we made it a different year in all we set out to do. Each of us played the part we chose in our life. Some voiced their parts with perfection, while others needed to be heard above the roar. We worked and played as Colts are known to do. We won and we lost but that is part of this experience we have had at North Marion.

"Working together" was our motto, and that we did to make this one of the most memorable of years. Many accomplished tasks they set out to do. Both students and administration had new experiences in working, studying, planning and playing. If not successful in what we tried, we had the prize of experience. To remember the past and the days of yore, Is to remember our days in COLT COUNTRY.

ALMA MATER

In the Kingdom of the Sun
Stands the school we love.
Proudly watched o'er
By the blue skies
Reigning from above.

Hail to thee,
Our Alma Mater!
May it ever be
Cheering on our Fighting
COLTS.
NORTH MARION HAIL TO THEE!

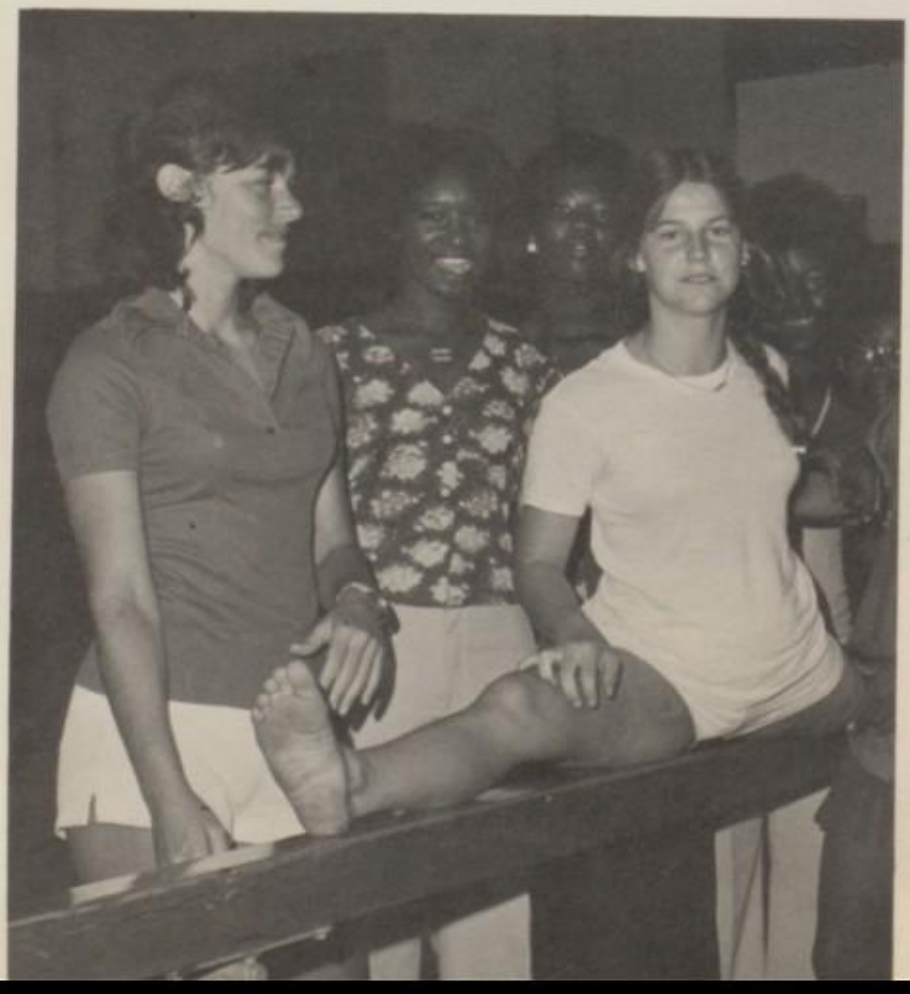
Code of Honor

North Marion is our school. The beauty of our school, the spirit of our student body, and our great pride in being a "Colt" calls for cooperation from students, faculty, and parents. Students will exercise self-control and consideration of others at all times. Honesty is a virtue people admire and respect. North Marion students believe that honesty is the best policy. North Marion students are honest at school, at home, and in the community.

Noble in deed.
Obedient to the rules.
Respectful of others.
Trustworthy in action.
Honest at all times.

Mature in judgment.
Always building character.
Responsible to others.
Imaginative in thought
Outstanding in all areas.
Noticeable in action.

Colts have patterns–patterns of eating, studying and playing–patterns of nourishment to make us grow; mature both physically and mentally. This nourishment comes from being in Colt Country. Much has been learned . . . Knowledge that has added strength for continuing in life. Life in Colt Country means attaining goals. We have just begun to attain those goals . . . we have just begun to mature. Maturity means dreams of the future, discovering new meanings and new understandings, searching for ideals of value to guide us, and sorting out those ideals that will benefit us in our adult life.

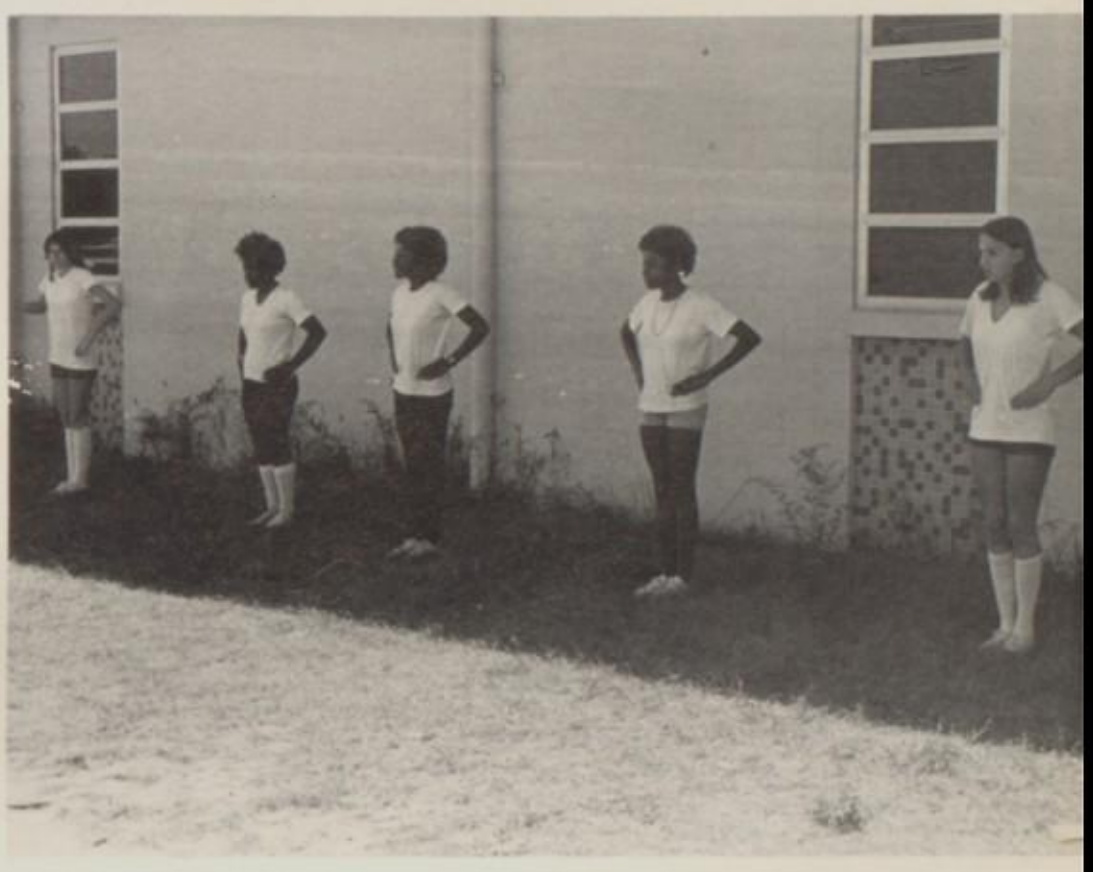


Maturing means growing taller in stature and in knowledge. Colt Country adds character to high honors and trophies. Each new freshmen that enters our halls admires and desires to be another Colt to add to these honors. Each student throughout the year demonstrates the special skills and training they acquired. There have been many high hurdles for each student to overcome. We have tried to overcome these through studying, physical exercise and individual association.

Many areas of school life reflect the attitudes and skills students at North Marion contribute to the atmosphere of the school. Dale Sauls and Russel Wills are examples of teamwork needed in Electronics. The cheering student body helped out teams in all of our athletic events. Mark Thompson displays the winning theme for homecoming. Many activities require competition and each student and faculty member comes away with a new experience.

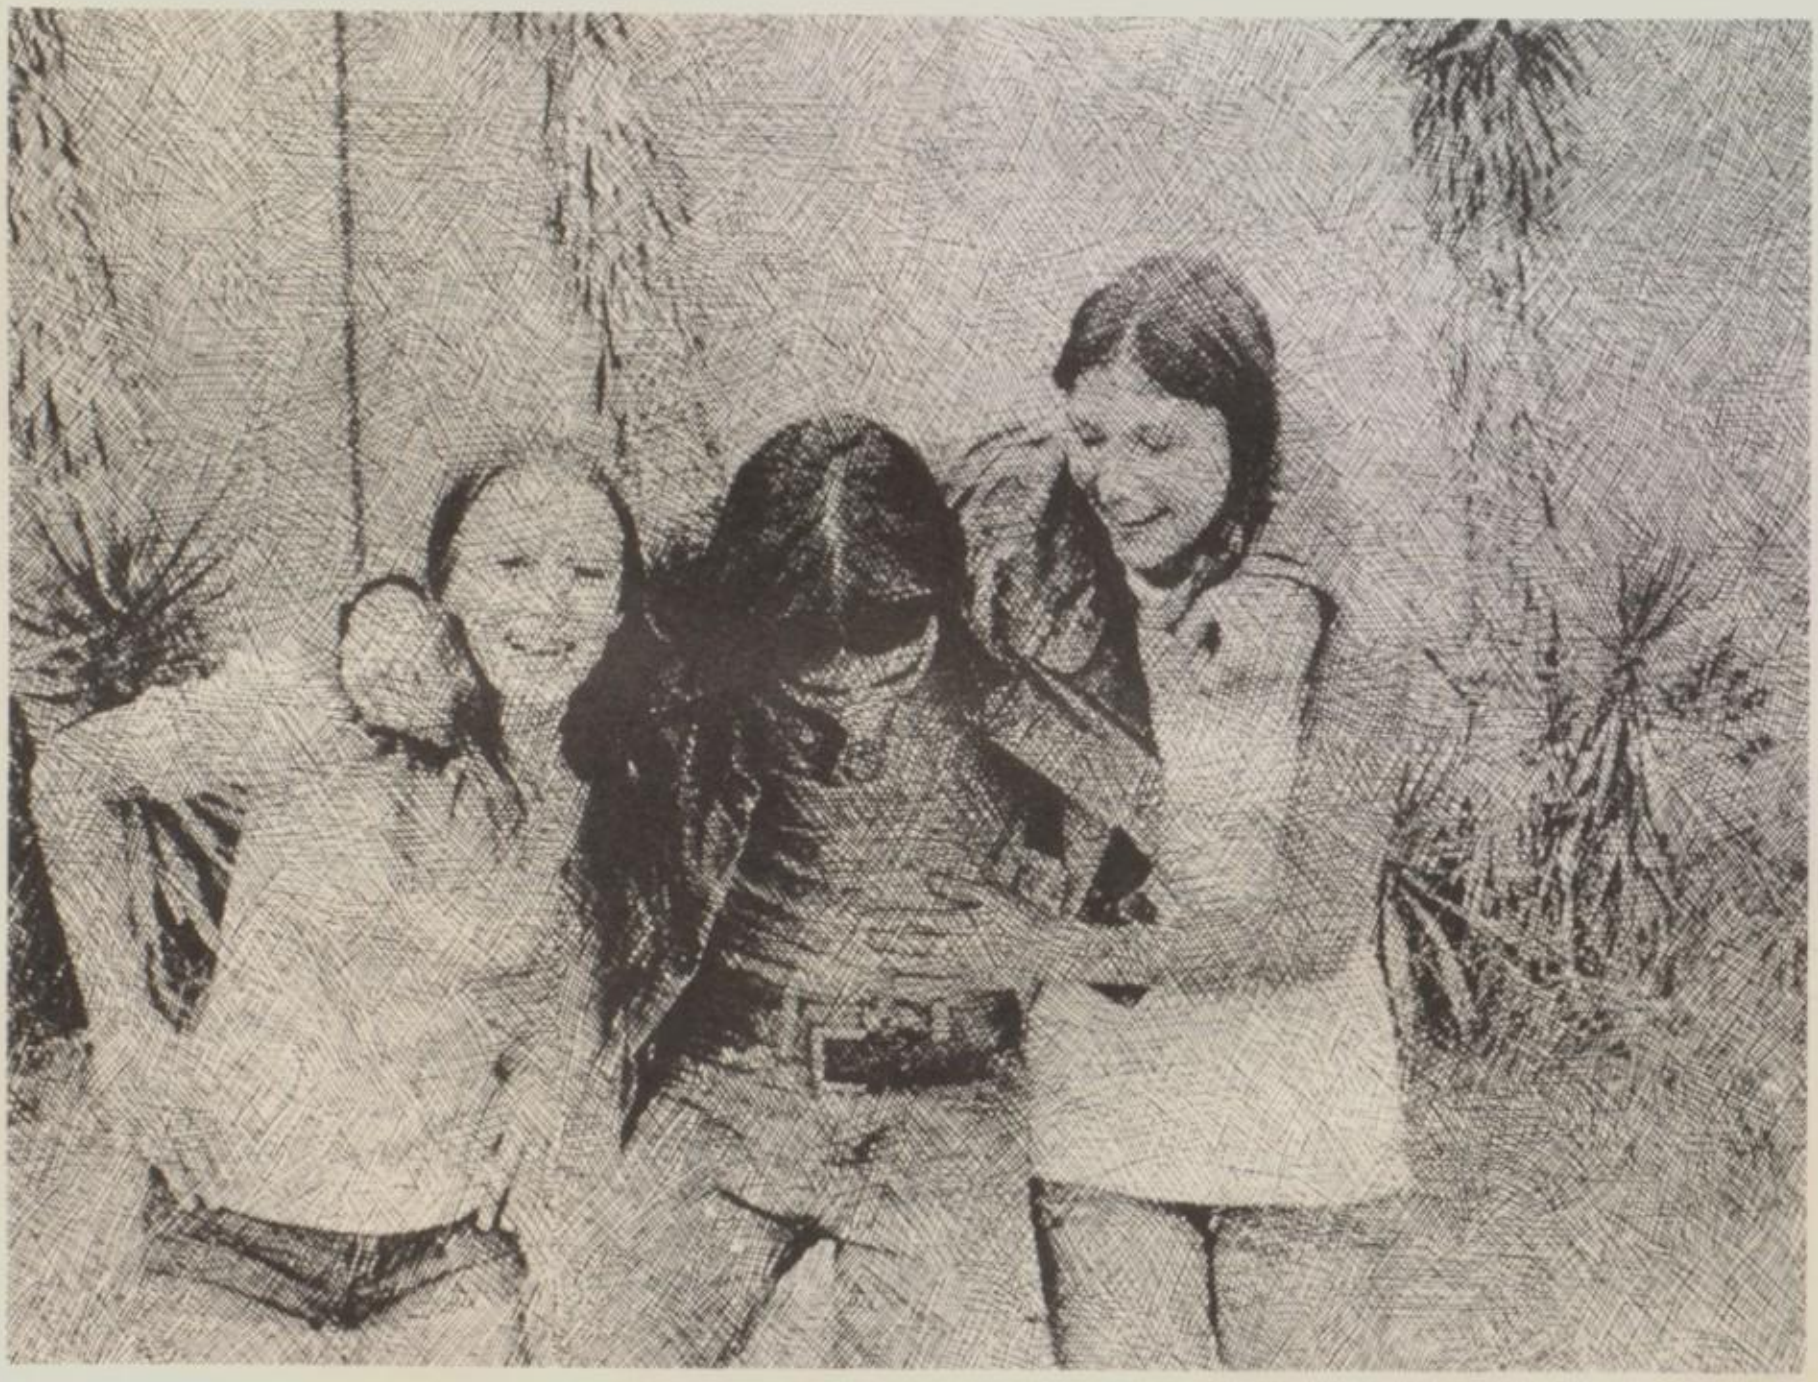
FRESH-
EN

Oh Thank
Heaven for
the Colts
Eleven.



We have come a long way this year in Colt Country. The good environment and active school life have contributed to a healthy educational atmosphere. Students and Faculty can feel that a job was well done in bringing this year to a successful close. Perhaps our attitude is best reflected in the words of our football Fight Song:

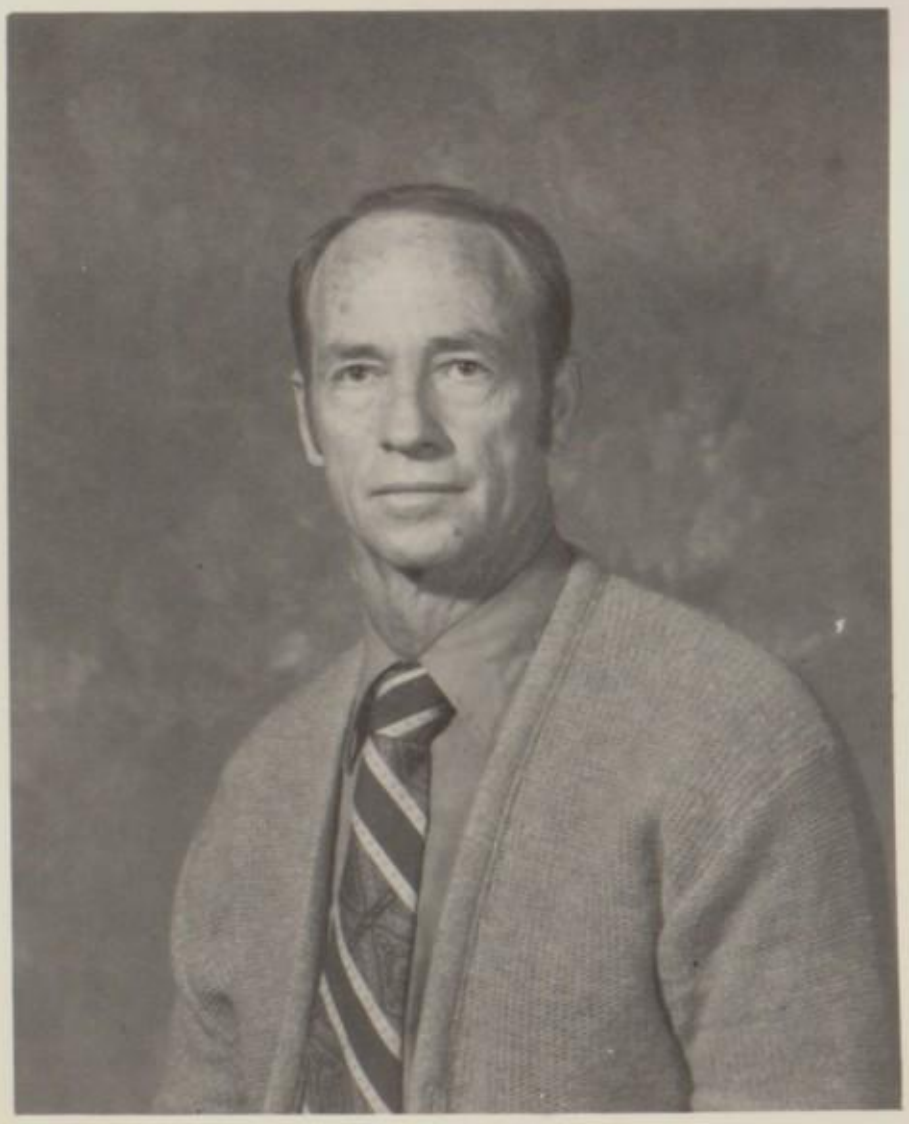
O when those football fellows fall in line
We're going to win this game another time
We're going to fight, fight, fight for
Victory
Until our names go down in Colt's history.
We're going to shout, shout, shout for every
Game
And the results will always be the same
For NORTH MARION HIGH!

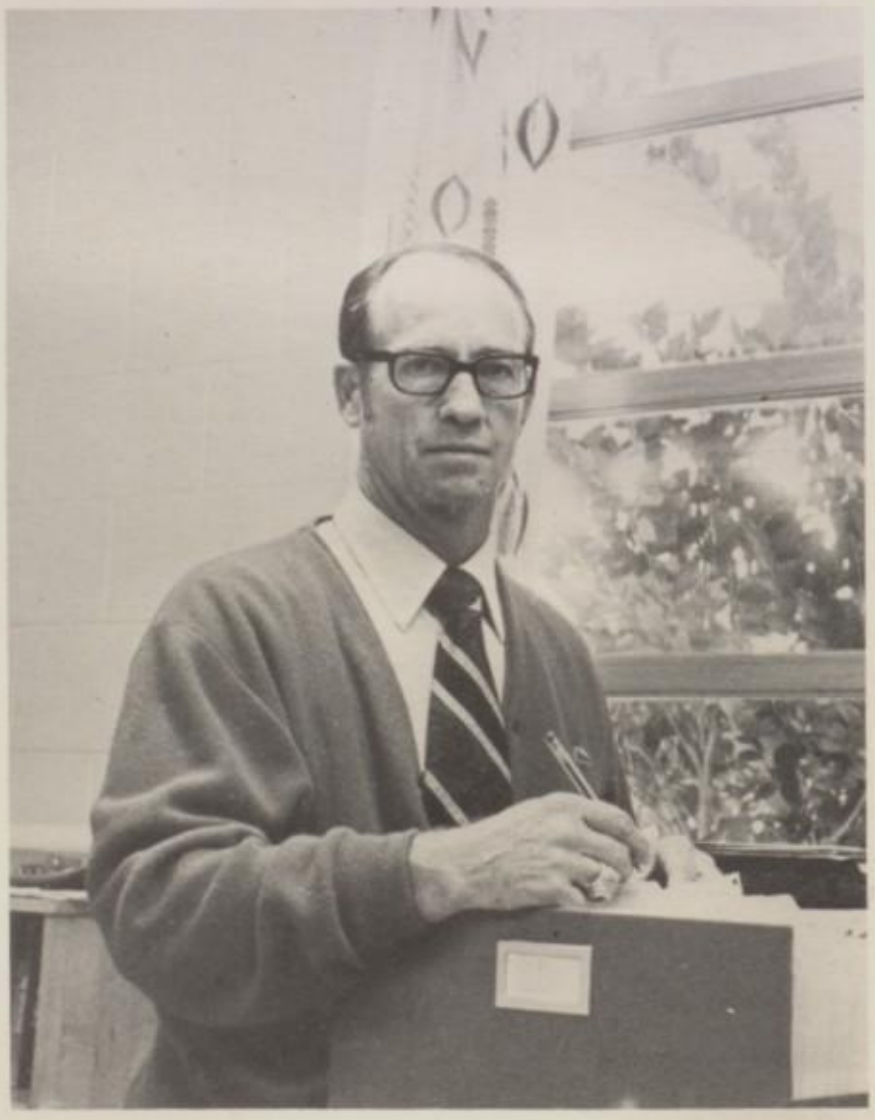


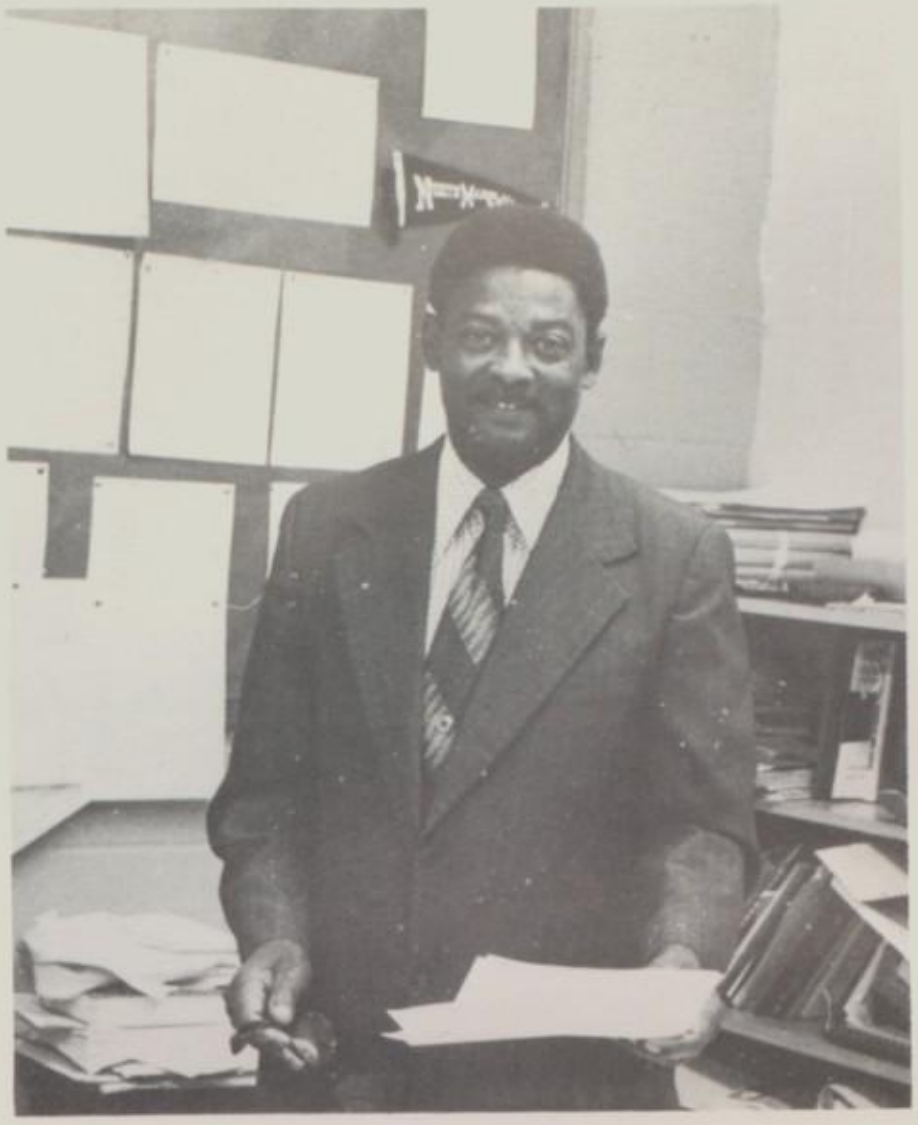
FACULTY

N.M.H.S. ADMINISTRATION

Mr. Stanford Toole—Principal







Mr. Robert Kelly–Assistant Principal

Mrs. Ruth Marcos–Assistant Principal

Mr. Andrew Porter–Dean

Mrs. Myrtis Dice–Dean

Mrs. Nell NeSmith–Voc. Supervisor

GUIDANCE DEPARTMENT

The Guidance counselors serve to help each student to make realistic educational and career choices based upon the student's interests, abilities, achievements and values. They also serve to help each student in self-understanding and to provide opportunities for students to learn problem-solving skills. The counselor also serves as a resource for parents, teachers and the administration in curriculum development and adolescent growth.

The Occupational Specialist helps students by providing information about careers, career development and planning, employment trends, and vocational training opportunities. The Occupational Specialist helps students in locating specific job placements. Both the school counselors and the occupational specialist work with individual students, small groups of students and in classrooms. They spend a part of each semester visiting classrooms answering questions from concerned students, discussing scholastic planning with the object of graduating as the goal. The counselors have seen many students this year and are always there to serve.

AGRICULTURE DEPARTMENT

The purpose of Vocational Agriculture Education at North Marion is to further agriculture through classroom experiences, project visitation and FFA activities. Agriculture students have experiences in steel projects, horticulture projects and standard FFA projects.

Many contest opportunities are available to the students in agriculture. Students entered the Forestry Contest, winning first place in log sawing for the district, Steer Show, Land Judging, Livestock Judging, Tractor Driving, Public Speaking, Parliamentary Procedure, Meat Judging, State and National Convents and other related conventions throughout the year.

The Agriculture department has followed the rest of the school by offering new and improved courses in its curriculum to spur the interests of the students at North Marion High. Three such courses are Landscape Maintenance and Agriculture Mechanics.

BUSINESS DEPARTMENT

The Business department at North Marion High School has as its main objective the preparation of students to enter the non-vocational and vocational world through economic and skill training as they relate to the students as consumers and as workers. One valuable program in the department that trains students in skills is the COE program. Students perform classroom work with office equipment in an atmosphere much like that of a business office. Future Business Leaders of America is a club sponsored by the Business Department that aids and trains students to become a leader in the business world.

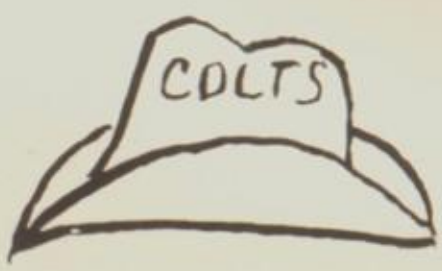
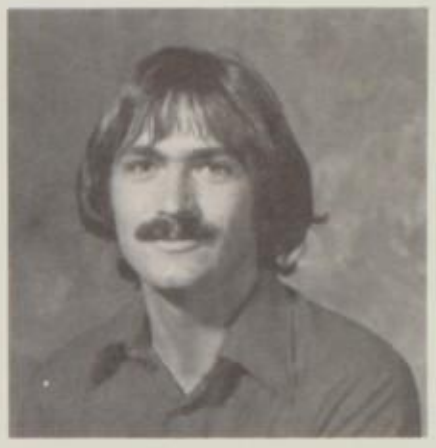
LANGUAGE ARTS DEPARTMENT



MATH DEPARTMENT

A. McGlaun

B. Brown



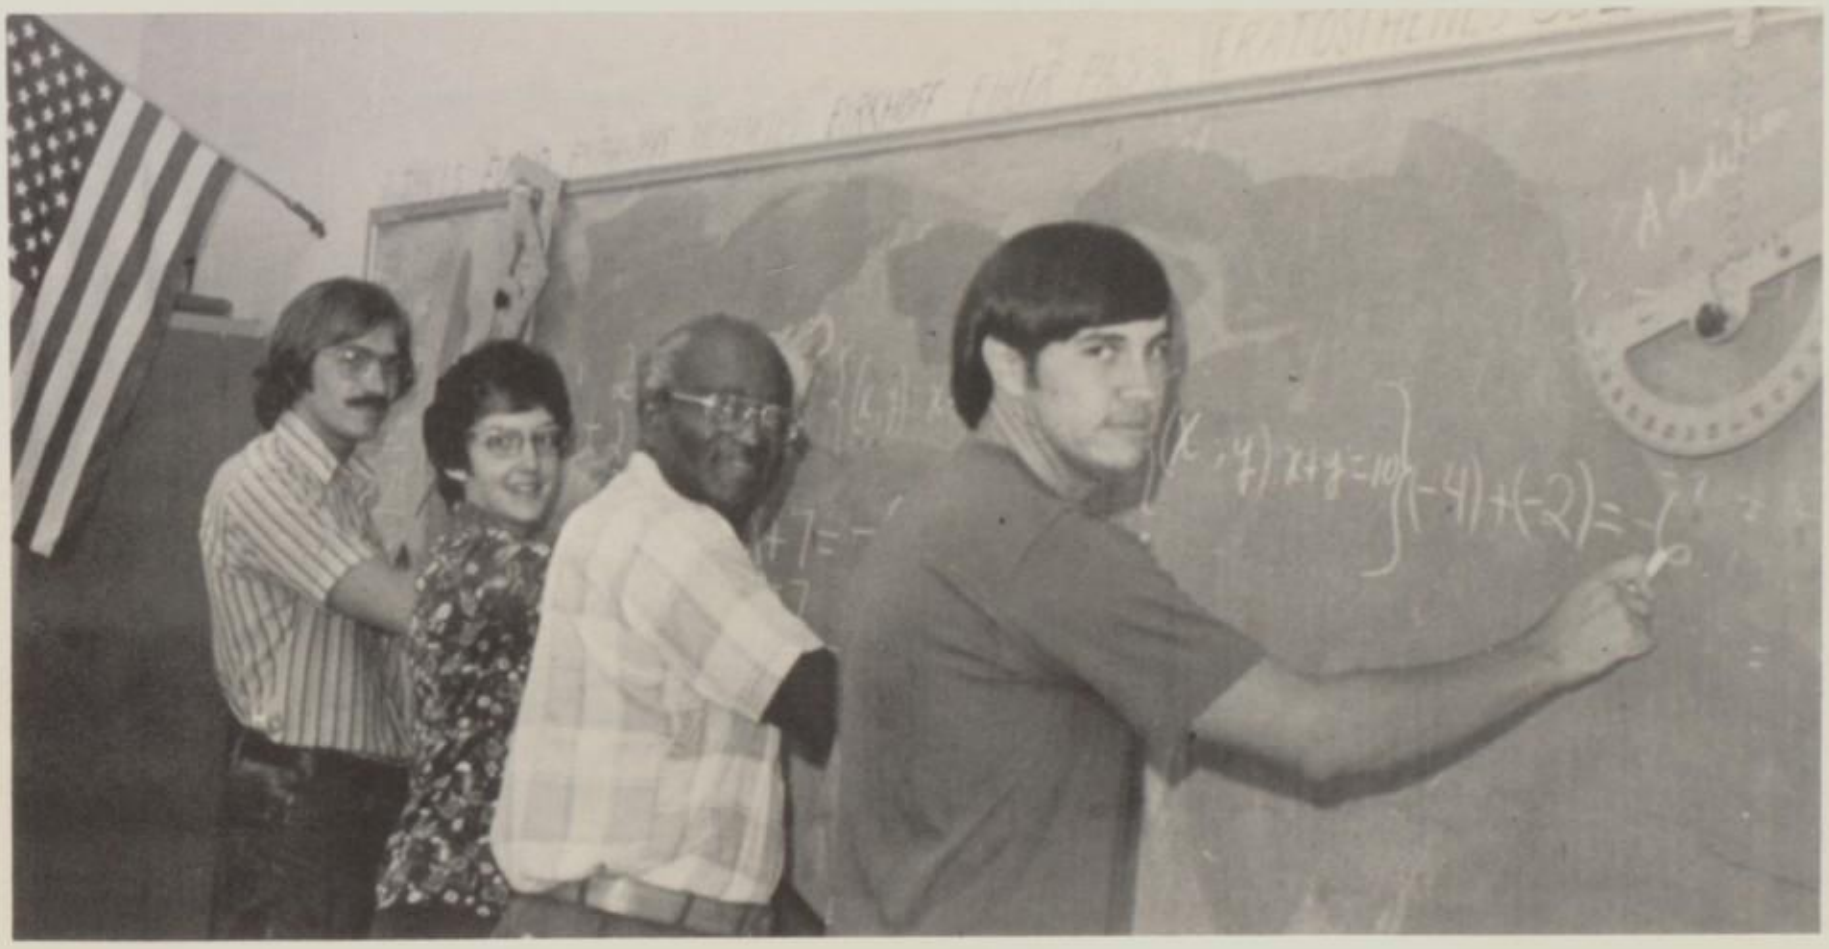
R. Kayser

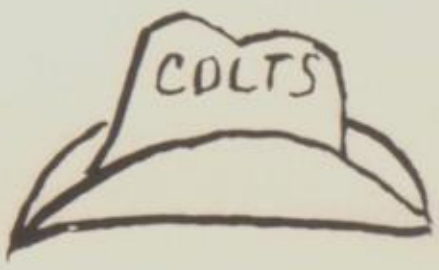
M. Arnold

The objectives of the Math Department this year was to meet the growing needs of the students. This means that some students will be using math for higher education, others will be using math to take care of their households and other personal needs.

The Math department set up special projects such as reports of mathematicians, sieve for prime numbers, proper divisors for perfect and amicable numbers, and construction of Pascal's Triangle.

D. Porter





PHYSICAL ED. DEPARTMENT

The Physical Education Department has set objectives of health, exposure to lifetime activities, social skills and team work. Through these objectives the Physical Education program has tried to give the students a better understanding of the varied sports, improving physical fitness, developing sportsmanship, developing lifetime sports, and relieving tensions. A vital aspect of the program is developing relaxation in all of the participating sports. The department has as a special project this year a jogathon. The Physical Ed Department plays an integral part in all of the sports activities at North Marion.

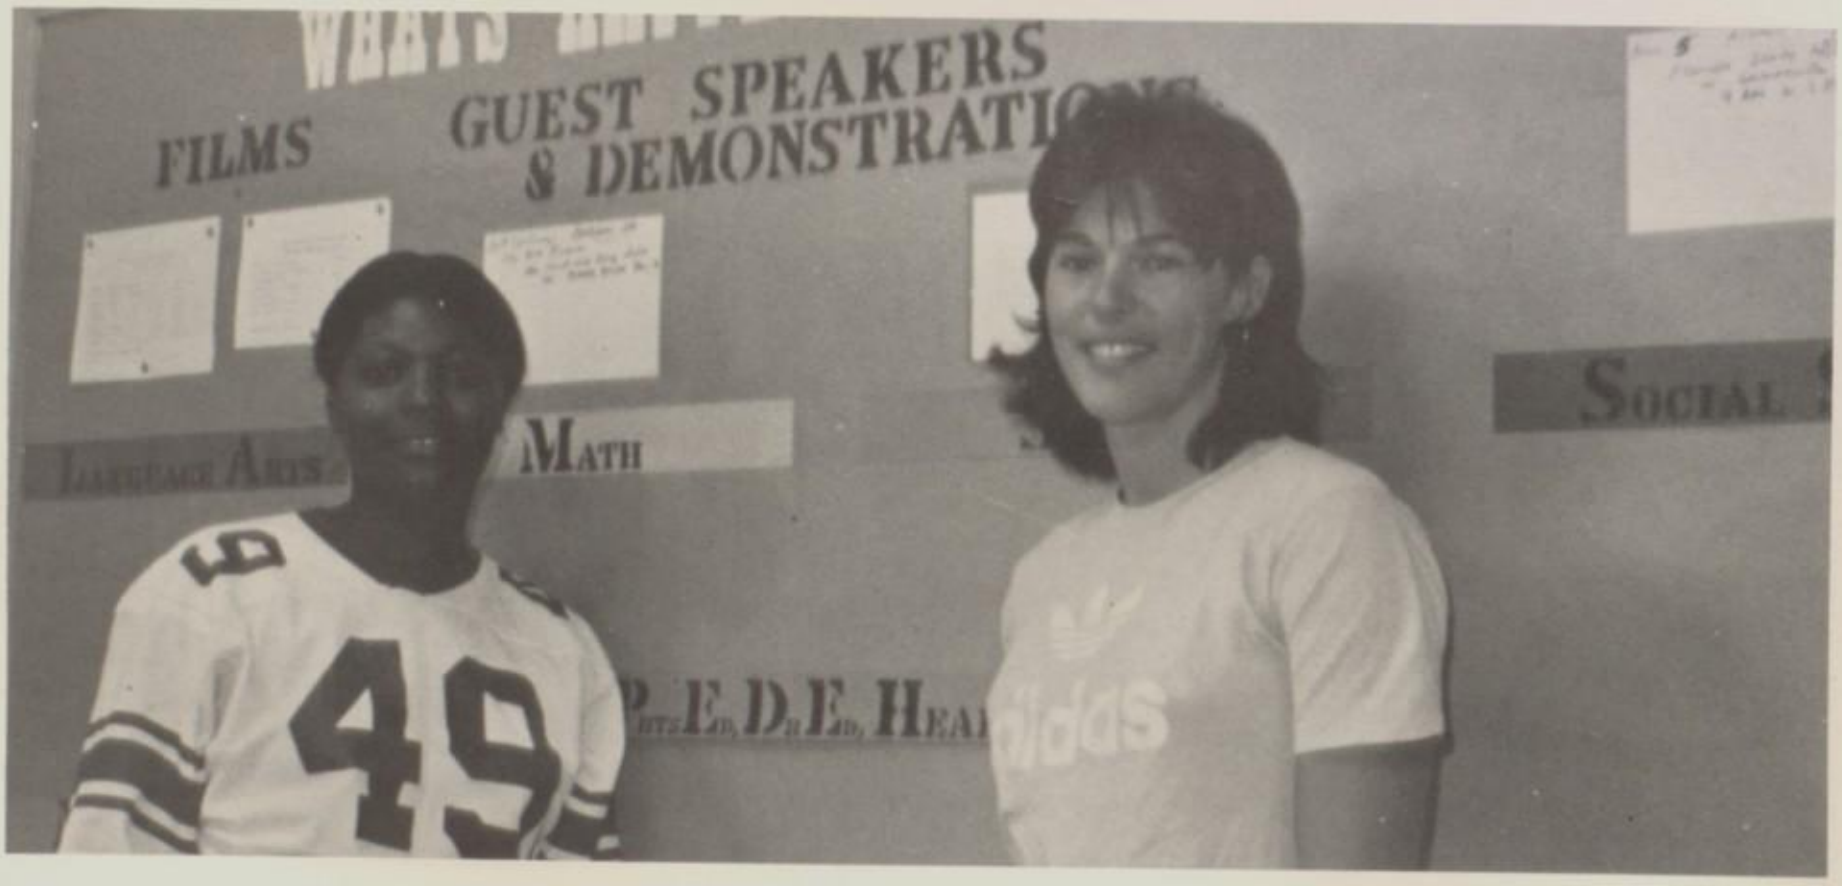
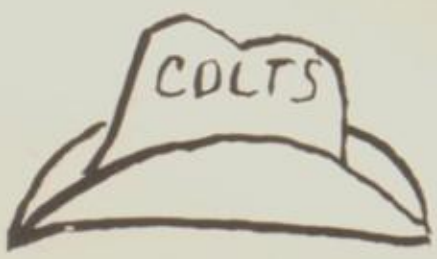
L. McGlaun

W. Dailey





SCIENCE DEPARTMENT

Science has become an important part of the curriculum at North Marion. With the constant changes that occur in the scientific methods and discoveries in the field of science, the department is constantly changing to incorporate the new with the old.

This year Mrs. Perez and Mr. Boczkiewicz have conducted environmental studies that involve the students. Also, this year, five students, Steve Roorda, Beth Nasworth, Jil Bradbury, Davy Jones and Robert Grubbs attended the Florida Junior Science Symposium at the University of Florida.

This years curriculum will undergo a change for the 1975-76 school year. The department is planning all semester courses to conform to the semester system adopted by many of the departments.

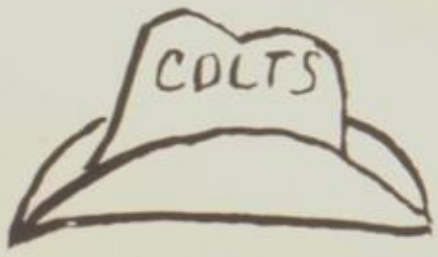
SOCIAL STUDIES DEPT.

The study of American foreign and domestic affairs is an ever changing study. This year the Social Studies department offered semester courses to the students to better cover this fast changing area of study. Mr. Alston's American Domestic and World History classes created special projects to emphasize some aspect of their study. *All The Kings Men* was shown to Mrs. Pepper's classes.

C. McCarter

A. Robinson



SPECIAL STUDIES

The EMR program at North Marion welcomed Mrs. Charlotte Morff to their staff. The program was enhanced by the addition of an additional teacher.
The Music Department has accomplished a long awaited dream in the purchase of new band uniforms. The band worked hard with Mr. Cuddington to raise the money for this special project. The band with its new look gives North Marion a sense of new pride. Mr. Cuddington has worked hard with the chorus and band and the results have been outstanding. The Christmas program was a combined effort of both the band and the chorus. There are still many new projects the band hopes to accomplish in the coming years. The Band Aids have supported the band in all of their endeavors.

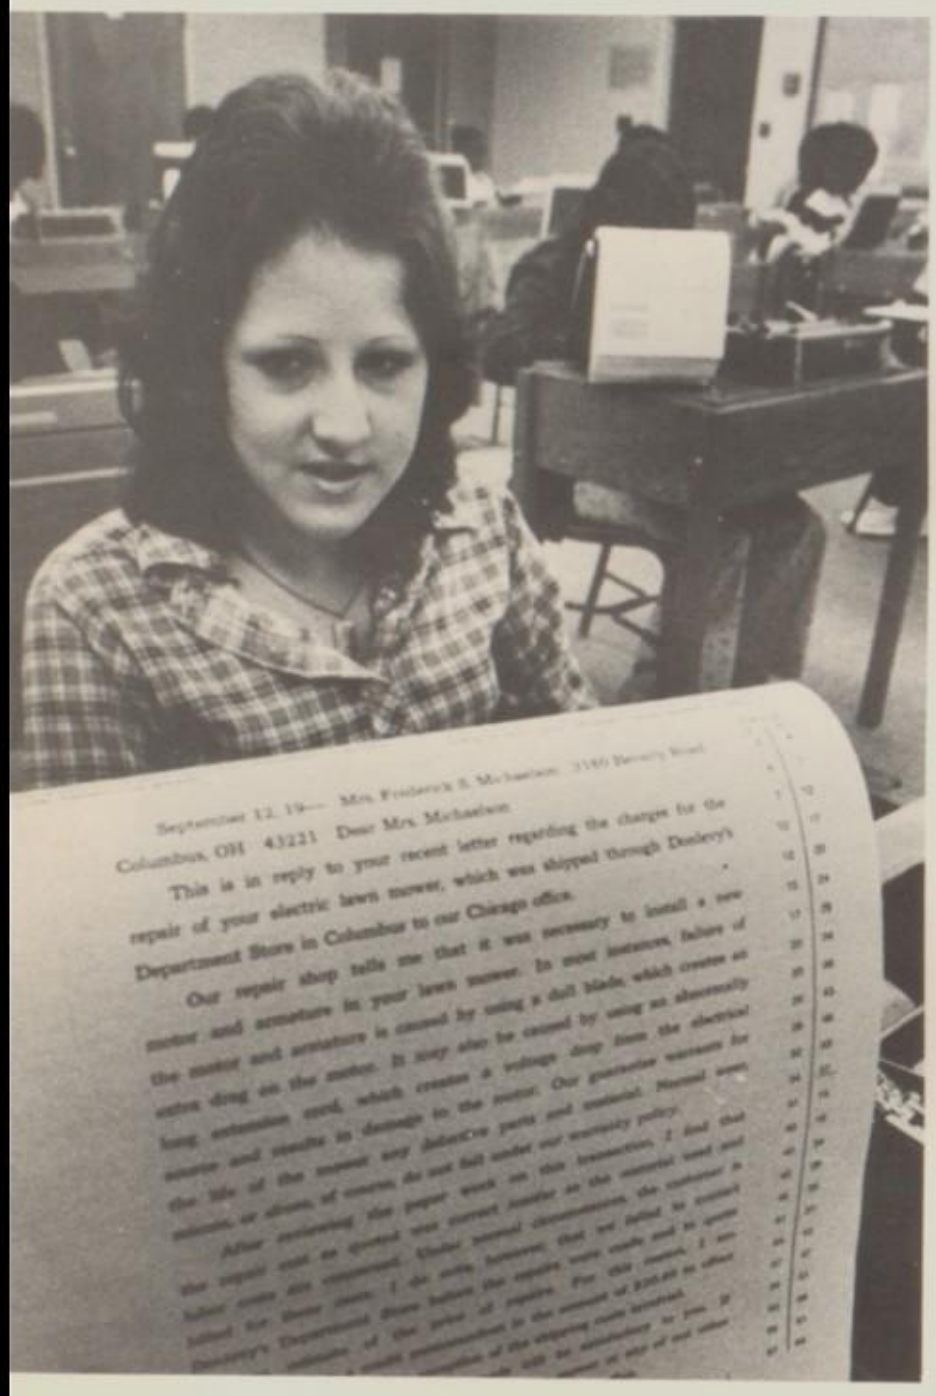
Donald Yanke

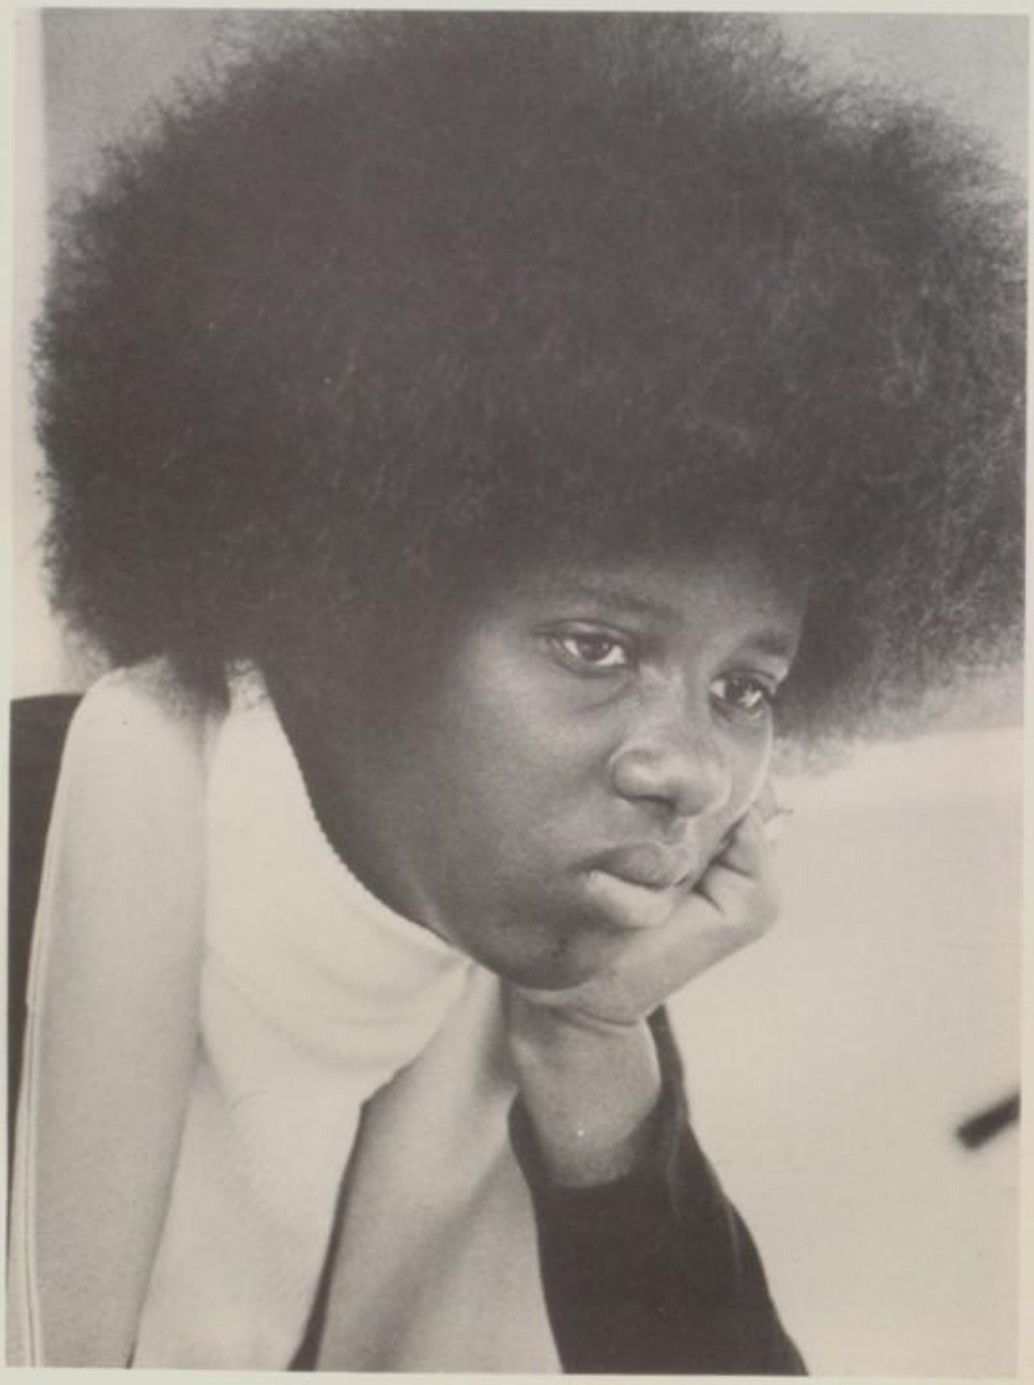


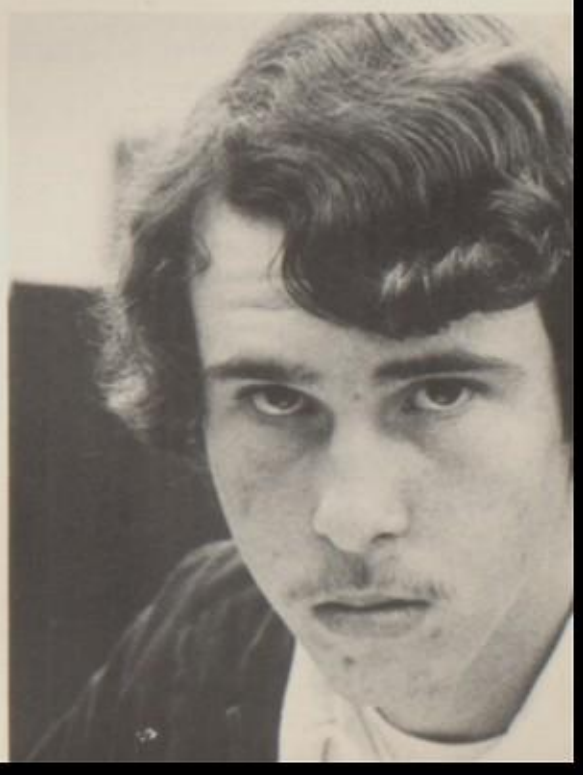
September 12, 19— Mrs. Frederick S. Michaelson 3180 Beverly Road
Columbus, OH 43221 Dear Mrs. Michaelson:

This is in reply to your recent letter regarding the charges for the repair of your electric lawn mower, which was shipped through Dooley's Department Store in Columbus to our Chicago office.

Our repair shop tells me that it was necessary to install a new motor and armature in your lawn mower. In most instances, failure of the motor and armature is caused by using a dull blade, which creates an extra drag on the motor. It may also be caused by using an abnormally long extension cord, which creates a voltage drop from the electrical source and results in damage to the motor. Our guarantee warrants for the life of the mower any defective parts and material. Normal wear, misuse, or abuse, of course, do not fall under our warranty policy.

After reviewing the paper work on this transaction, I find that the repair cost as quoted was correct under our warranty policy. Labor costs also represented. Under normal circumstances, the customer is billed for these items. I do note, however, that we failed to contact Dooley's Department Store before the repairs were made, and to quote estimates of the cost of repairs. For this reason, I am making an adjustment in the amount of $20.00 as shown on the enclosed credit memorandum. I am sorry for any inconvenience this may have caused you. If we can be of further service to you, ...





AMBROSE, BEVERLY: Spanish Club 1; Para-Med 2; FFA 3; Athletic Aides 4. Fondest Memory: When I met W.C.

This year the C.E.C.F. District XI officers training workshop was held at N.M.H.S. for the first time. At the C.E.C.F. District meeting held at the Sheraton Hotel in Ocala, N.M.H.S. D.C.T. students won First Place in spelling and extemporaneous speech, Second Place in the poster, speech and shorthand contests, and Third Place in job interview and health occupations. During the year the classes had a "Let Your Pennies Make Good Cents" Drive for the Masonic Home. The pennies will be presented at the end of the year. To promote school spirit, the D.C.T. classes sold N.M.H.S. Spirit Shirts. A field trip was made to C.F.C.C. and businesses in town. Ten delegates from both clubs attended the C.E.C.F. State Leadership Conference at Disney World, May 1,2,3. An Employee-Employer Banquet was held for students to show their appreciation to their employers. During the year the D.C.T. Club was involved in car washes and numerous social events. At Christmas Mr. Campbell played Santa Claus for the high school and many feeder schools in the area. A Christmas party was held in the C.E.C.F. room for all D.C.T. and C.E.C.F. students. All in all the program has had a very successful year.

D.C.T. AND C.E.C.F. CLUBS

NEWSPAPER STAFF

North Marion's Newspaper Staff wanted to start all over again this year with a new staff and a new name for the newspaper they publish in the Journalism class. The reason for this change was for more recognition on behalf of the paper and the newspaper staff. The staff chose the new title for the paper *STAR-LITE CORRAL.*

The staff tried to be as wide spread in giving the news as possible. The sales improved as a result of this action and the paper has been bigger and better. Marketing the issues has been better this year because the staff had been improving each paper. Their aim was to make it as interesting as possible. They have been trying to bring to the students as much news as they could get their hands on.
